The HMI Advantage

For more than 20 years, HMI has provided insurance carriers with solutions for inspecting, restoring, and protecting outdoor properties of all types. HMI is the quality standard for claims support services, with extensive experience responding to damage from catastrophic events.

Claims Support for Damage to Outdoor Property

HMI is ready to support the needs of insurers with leading experts who provide world-class consulting services concerning outdoor property such as trees, shrubs, turf, landscaping, hardscaping, irrigation systems, golf course features, and more.

Analyze

Rely on HMI to determine the scope and costs associated with outdoor property claims.

Restore

Benefit from HMI's expert resources to restore damaged property to its pre-loss state.

Protect

Protect clients against gouging when they are most vulnerable with HMI's claims management expertise.

The Quality Standard for Claims Support Services

Benefit from HMI's team of credentialed experts to ensure high quality service and fair pricing across a wide range of claims. HMI serves the needs of insurers with consultative services to support property claims, liability claims, subrogation analysis, and large commercial losses involving outdoor property of any kind.
